## Atlantic And Gulf Ports Are Struck At Midnight; Resent Cut In Work Gangs

NEW YORK (AP)—The 60,000-member Longshoremen's Union struck ports from Maine to Texas at 12:01 a.m. today.

Objections among rank-and-file union members in New York to a clause in a proposed new contract providing for a gradual reduction in work gangs apparently triggered the strike.

The walkout, in effect, is a resumption of the one-day walkout last Oct. 1 when the work contract expired. At that time, President Johnson invoked the Taft-Hartley Act and a federal court injunction sent the men back to work during an 80-day cooling-off period. The government's injunctive power now is exhausted.

## AWAIT CRISIS

The White House gave no indication of any presidential action in the new strike. Informed sources in Washington said President Johnson probably would act only if it appeared there would be an immediate

Midway firemen were summoned Saturday evening at 10:15 when fire broke out in a rear bedroom of the home of Mr. and Mrs. Barry Gunnett, 506 Diller Rd., Conewago Twp.

Chief Becker said Mrs. Gunnett and her younger son, Philip, 3, were in the living room when the fire was discovered. She grabbed the boy, went to another room to awaken another son, Steven, 6, and then fled with the children to the home of a neighbor, Mr. and Mrs. Roy Robbins, 505 Diller Rd.

Firemen were able to confine the fire to the bedroom, which was burned out along with the furnishings. However, there was smoke damage throughout the house, Chief Becker said. The house is owned by Mr. Gunnett's father, Clifford Gunnett, 15 Paul St., Hanover. No estimate of damage was immediately available.

## SERVICES END AT FAIRFIELD

"Prayer is unity," Prof. Francis Reiberger of the Gettysburg Lutheran Theological Seminary faculty told the congregation Sunday evening at the final service in the Week of Prayer series which was held five evenings in the Zion Lutheran Church of Fairfield.

Noting that Christ on the night before his crucifixion, prayed for the church, the speaker said: "Our broken world today knows little of real unity. Prayer unites us with God and with each other. Praying for each other rids us of hate. Prayer is not a 'let George do it' exercise but one in which we accept our responsibility as God calls upon us to relate to one another."

The Rev. Joseph Woods, supply pastor at Lower Marsh Creek Presbyterian Church, was in charge of the service. The girls' ensemble of the host church sang "O Divine Redeemer" under the direction of Mrs. Otto Kroeger with Thomas Kittinger as the accompanist.

After the service, the members of the Fairfield Ministerium and their wives gathered at the Lutheran parsonage where the Rev. and Mrs. Kroeger were presented with a year's subscription to Christian Century as a token of the group's appreciation. The Rev. John A. Bishop, associate pastor of St. James Lutheran Church, delivered the sermon at the last of the Week of Prayer services held in Memorial EUB Church, E. High St., Sunday evening. He spoke on Paul's prayer for the church in Ephesus.

He said, "The welfare of the church became the all-consuming passion of St. Paul's life. For this cause he fell upon his knees before God the Father and prayed most earnestly. In this fervor for the church Paul shows us much about the character of the early Christian congregation. He himself was an example of Christian courtesy. He put his trust in churchly fellowship. The individual church is sustained by the fellowship of the congregation."

Rev. Dr. Paul Cooper, host pastor, conducted the service and read the Scripture lessons and led in prayer.

Due to the snowstorm only 20 persons attended the service and there was no special music.

Loss, riding alone in his auto, was thrown to the street in the accident. He suffered four fractured ribs, contusions of the body and abrasions of the head and body. His condition was listed by the hospital as satisfactory.

After the accident the Krumrine vehicle crossed the street, struck a sign in front of the home of Robert Murren, 27 Second St., then hit the side of the Murren house, demolishing the chimney. Police estimated damage to the house at \$500.

The impact pushed the Loss car about 50 feet and threw Loss to the street. He was removed to the Hanover Hospital by the McSherrystown ambulance.

## SAYS FOURTH OF MEN QUIT CIGARETTES SINCE 1962; WOMEN CUTTING DOWN TOO

By FRANK CAREY

WASHINGTON (AP)— Surgeon General Luther L. Terry said today nearly one out of four adult men has given up cigarette smoking since 1962.

And, he said, surveys by the Public Health Service show smoking among women has declined — to a smaller degree but "the first time on record in which the trend has been downward."

"If smoking habits had continued at the level of three years ago, there would be about 3.5 million more smokers than there actually are today," Terry said in an address prepared for delivery to the recently formed National Interagency Council on Smoking and Health.

## STILL "CATASTROPHE"

He attributed much of the decline to the report of a year ago today that labeled cigarette smoking a hazard to health, associated it with several diseases and said it far "outweighs all

# DESIGNER SAYS MEN CAN LAUGH AT GALS' PANTS

By JEAN SPRAIN WILSON  
AP Fashion Writer

NEW YORK (AP) — When women wear the pants in the family, men should laugh, believes designer John Weitz.

They will, too, if their wives wear the poolside pants he prescribed at Sunday's fashion press show.

Yellow cowboy suits with chaps of giant red desert flowers, a scaffold jump suit, lunatic fringe pants, and a bodice made modest by a single bow were some of the costumes created to get grins if not guffaws.

Weitz, who is the husband of actress Susan Kohner, heartily approved the ancient sport of poking fun at ladies' wardrobes.

"A man may roar 'Good Gawd what's that,' but he is secretly amused at his wife's verve," said Weitz.

## FRINGED PANTS

His poolside pants are fringed, ruffled and puffy with posies. Bare midriff and stretch pants that cling to the strategic spots are bold but not bad.

"Some pants for women are cut so that they look wonderful while she stands, but are awful when she sits down," said Weitz. "Other pants are great at right angles but not vertically."

But Weitz found the secret of good cut in the suits worn by men on scaffolds. Those he makes for ladies are brilliant colors worn with fancy shirts that men on scaffolds would never wear.

## RUFFLED SKIRTS

Romance was the theme of the spring collection by Luis Estevez and there were more heart-shaped necklines than on Valentines.

Bias-cut dresses that were seamed at the midriff in sunburst fashion skimmed lightly across feminine figures. There were ruffy, back-tied skirts, trumpet-flared ones and many cut as a perfect circle which fell in folds from defined waistlines.

Bright navy was the most important color. Estevez repeated it in wool, crepe, chiffon, and lace.

**HONOLULU (AP)** — A huge U. S. Air Force cargo plane capable of lifting 50 tons plunged into the Pacific Ocean less than a minute after takeoff from Wake Island Sunday. No trace could be found of the six-man crew.

The Cargomaster exploded and burned as it hit the water about a mile east of Wake. Control tower officials said the takeoff had appeared normal as the four-engine aircraft left the runway.

**LONDON (AP)** — Princess Margaret, back with her children today after a turbulent Irish holiday, says she'll gladly risk more trips to visit her in-laws there.

"My husband's family are here," she told newsmen at Dublin Airport, "and we will always be coming back. We've had a wonderful time."

Thousands of Irish braved an icy rainstorm Sunday to give the princess and her husband, Lord Snowdon, a warm sendoff. Police had to clear a way for the couple through the cheering crowd.

**TEHRAN, Iran (AP)** — An Egyptian who claims he defected from the United Arab Republic's secret police told a news conference today the people of the U.A.R. are tired of President Gamal Abdel Nasser and are "terribly annoyed at the U. S. backing of his regime."

# 49TH ANNUAL FARM SHOW OPENS TODAY

HARRISBURG (AP) — Doors of the Farm Show Arena swung open today for the 49th annual Pennsylvania State Farm Show — the biggest exposition of its kind in the world.

More than 600,000 persons are expected to view the various agricultural exhibits during the free, five-day event.

The exhibits are displayed over 13 acres under the one huge roof.

In keeping with tradition, bad weather arrived in time for the annual showing.

## PREVIEW SUNDAY

A week-end snowstorm dumped about a half-foot of snow in the Harrisburg area. Last year a blizzard left 18 inches on the ground just before the opening.

The snow kept Gov. Scranton from leading the traditional preview Sunday night. Lt. Gov. Raymond P. Shafer and Agriculture Secretary Leland H. Bull acted in his behalf.

A surprisingly large number of persons were on hand for the preview despite the inclement weather. Farm show authorities policed the area and traffic moved smoothly.

## JUDGING UNDERWAY

Included in the farm show program are judging of livestock and farm products, displays of modern farm equipment and nightly entertainment.

The exhibits are valued at over \$10 million.

Today's events include judging of exhibits with a record \$63,683 in prizes to be presented winners throughout the week.

Scranton is scheduled to appear tonight for the traditional "Governor's Night" program. He will make a welcoming address and later the state police rodeo team will perform.

## NIGHT PROGRAMS

A folk festival is on tap Tuesday night and a horse pulling contest will be held Wednesday.

Thursday will see tractor-driving contests, a livestock cavalcade and horse demonstrations.

Highlighting the final day's program Friday will be the auctioning of the grand champion 4-H baby beef.

## JAILED COUPLE FREED ON BAIL

Mr. and Mrs. MacArthur Scott, Chambersburg St., were released from jail today on bail for court action on charges of burglary and forgery of checks arising from the theft of a check writer and a check book from the Gettysburg Foundry Specialties, Greenmount, December 11.

The couple had been placed in jail in default of bail following a hearing Friday afternoon before Justice of the Peace Robert P. Snyder. Glenn Edward Kint, Fairfield, who had pleaded guilty to the same charges, and who was the principal witness against the Scotts, remains in jail in default of bail.

Saturday evening borough and state police and the jail physician, Dr. C. G. Crist, were summoned to the jail when, according to Sheriff Dawson Miller, Scott "flared up," tore a wash basin from the wall in his cell and broke a cup.

## 19 HURT WHEN BUS GOES DOWN 30-FOOT BANK

EBENSBURG, Pa. (AP) — A Greyhound bus skidded on a curve on a snow and ice covered ramp leading from Route 422 to Route 22 near here Sunday, plunged down a 30-foot embankment, overturned and came to rest on its wheels in a small stream. Nineteen persons aboard were injured.

Ten of the people, including the driver, were admitted to Mercy Hospital in nearby Altoona. Nine others were treated at the hospital and released. All are from Pennsylvania.

Two of the passengers were thrown from the vehicle, state police said.

### USE 8 AMBULANCES

They quoted the driver, Herman Scheaffer, 43, of Warrendale, as saying the bus was traveling about 15 miles per hour when it started to slide. He said there was nothing he could do to stop it.

Eight ambulances from surrounding communities rushed the injured to the hospital.

Scheaffer and Mrs. Victoria Calogero, 70, of Hollidaysburg were reported in fair condition.

Anna Milus, 58, and Charles Andiorio, 62, both of Pittsburgh, were thrown from the bus. They were listed as satisfactory.

Also in satisfactory condition were Marilyn Hutchinson, 19, Washington; Stephen Drost, 26, Altoona; Emma Bralley, 52, Altoona; Frances Gratton, 42, Pittsburgh; Helen Smith, 46, Oil City, and Roberta Huchison, 18, of Pittsburgh.

### "THE STRAY"

Just a little shaggy creature . . . called by almost any name . . . if the evening paper's missing . . . he gets his share of the blame . . . just a four-legged creation . . . multi-colored tangled hair . . . but for every small shortcoming . . . he has qualities to spare . . . number one, he's good with children . . . playing games and doing tricks . . . watching them as they eat candy . . . hopeful he will get his licks . . . where he sleeps I would claim him if I could . . . but two animals mean turmoil . . . and this wouldn't be so good . . . so after a friendly visit . . . he goes on his merry way . . . just a little shaggy creature . . . mankind labels as a stray.

## Says Fourth

(Continued From Page 1)

The council, his forum today, is not an official government agency. Its members include representatives of the Health Service and of 16 federal and private agencies interested in health and education, among them the American Cancer Society.

Terry said a random nationwide sampling last fall of 3,500 American households found — on the basis of a preliminary analysis — that:

### OTHERS ARE UNEASY

1. The number of male cigarette smokers in the population dropped from 59 per cent — as reported in both 1955 and 1962 — to 52 per cent, a decline of seven percentage points.

2. In the same span, the percentage of women smokers dropped from 31 per cent to about 28 per cent.

The surgeon general said other studies conducted by the agency in the past year indicate that "many smokers have become uneasy about the relationship of cigarettes to illness. Millions of adult cigarette smokers are ready to be fully convinced that the time has come to change their smoking habits."

### CRITICIZES APATHY

There were other developments at today's session:

1. Sen. Maurice B. Neuberger, D-Ore., long an advocate of smoking — control legislation, charged Congress — especially "tobacco state congressmen" — with "default of responsibility" for failing to act so far on proposed legislation "calling for strong and meaningful regulation of the labeling and advertising practices and for massive educational programs."

She criticized the public for "apathy" about the whole situation.

2. The Public Health Service endorsed a proposal that tobacco companies voluntarily discontinue with cigarette advertising — and concentrate more heavily on producing tobacco for pipe and cigar smoking.

### ENCOURAGING SUICIDES

3. The Interagency Council chairman, Emerson Foote, who recently resigned from an advertising firm, charged that the tobacco industry, through its present advertising of cigarettes, is encouraging people "to kill themselves."

4. The council recommended that if tobacco manufacturers don't voluntarily suspend cigarette advertising they should be required by law to put a "clearly worded warning message" in all cigarette advertisements in

## Atlantic

Gulf Coast ports. Union President Thomas W. Gleason said he was "shocked" by the contract rejection in the Port of New York in a union membership vote last Friday. He had called the contract the best in the 72-year history of the union.

### DON'T UNDERSTAND

Asst. Secretary of Labor James J. Reynolds said Sunday that the New York stalemate was caused by failure of the union membership to understand the contract terms. Reynolds said he thought the strike would fail.

Associates of Gleason said the union president would seek meetings of all the union's locals here today or Tuesday to try to "sell" the contract and get another vote on it.

Reynolds went to Washington Sunday night to report to Secretary of Labor W. Willard Wirtz but he was due back in New York today for a scheduled meeting with the ILA's 23-men executive council. Gleason called in the officials from the affected ports for what he described as a strategy meeting.

newspapers and magazine — and at the end of all cigarette commercials on television and radio.

5. Dr. Malcolm H. Merrill, California's state health director, reported that educational and other action "to combat cigarette smoking" is very much in evidence in 40 states and the District of Columbia.

### WAVE OF EVIDENCE

He said "thousands of children and adults are being exposed to fresh, vital information about the health hazards of cigarette smoking."

6. Foote said "evidence confirming the lethal effects of cigarette smoking now amounts to a tidal wave — coming from all countries of the world, on both sides of the Iron Curtain." He said the "totally unique health hazard" from cigarettes is worse than any single hazard to life and health, short of war.

Terry, in citing the new statistical evidence of reduced consumption, declared:

"What is equally heartening to me, however, is the national concern which has been expressed about the problem and the national action that has been generated."

He said door-to-door interview studies by his agency on smoking habits, knowledge and attitudes of the general population revealed:

1. An estimated 18 million living Americans have sworn off cigarettes.

2. Sixty-nine per cent of the people interviewed voiced the view that cigarette smoking could cause lung cancer, and a large majority of the cigarette smokers surveyed indicated they believed smoking to be harmful in various ways.

### VIEW OF PUBLIC

3. Seven out of 10 persons questioned agreed that "cigarette smoking is enough of a health hazard for something to be done about it" — and only one out of six disagreed.

4. Nine out of 10 said they favored more public education on "the health hazards of cigarette smoking, for both adults and children."

5. Four out of five said they "were opposed to the practice of featuring athletes and celebrities in cigarette advertising."

6. Eight out of 10 — including seven out of 10 smokers — said they believed that a statement on tar and nicotine content should be required on each cigarette package.

## ULTIMATUM FOR DESSEM

Sheriff C. E. "Chic" Dessem Jr., Franklin County, has been discharged from his job as manager of Greene's Mobile Homes, five miles east of here along the Lincoln Highway, and at the same time was told to be either a full-time sheriff, or quit the county post.

Reports from Chambersburg disclose that Charles C. Greene, owner of Greene's Mobile Homes, fired Dessem as manager of the Adams County business effective Thursday. Greene said he and Dessem planned the business near here three months ago. "Our agreement was that if I bought the ground, completed the construction work and set up the mobile homes there Sheriff Dessem would resign his political office and become full-time manager and operator of the business. He did not live up to the agreement, so I am forced to discharge him," Greene is quoted as saying.

Friday night the Franklin County Republican executive committee met and Saturday Franklin County Republican Chairman Robert A. Evans delivered a letter to Dessem at the Chambersburg hospital where the sheriff has been a patient for nearly a week. The letter stated, "If you cannot give full-time service to the office you should submit your resignation."

The chief deputy sheriff of Franklin County, E. S. Morganthall, resigned from that post, as of January 16, and was named county detective.

Two men in the Erie caboose escaped injury. They were identified as Fred Vestal and N. G. Tyson, both of Marion.

An Erie-Lackawanna spokesman said the Erie train, which was westbound, was traveling "at normal speed, which would be about 50 miles per hour in that area."

### PROBE CRASH

Electronic signals control traffic at the intersection, and the spokesman said the signals are interlocking, so that when one train has the go-ahead signal the other has a stop signal. The highway patrol was investigating to see what caused the crash.

The spokesman said both main lines were blocked and it probably will be 24 hours before the tracks could be cleared. Traffic was being re-routed via New York Central tracks.

Cars were piled up three deep by the collision, and some wires were brought down along the right of way.

The collision was at a junction where tracks of the two railroads cross in a diamond pattern after being nearly parallel. Trains moving in opposite directions on the tracks meet nearly head on.

We learn that the Caledonia Iron Works, belonging to the Hon. Thaddeus Stevens, are now owned and carried on by Ahl & Stevens — the Messrs. The season of the year has come when fires are most frequent and it becomes everybody's duty for their own safety and of their neighbors, to use great caution to avoid them. A single spark of fire in ashes put in a wooden vessel may lay waste a block of buildings; a coal may snap out from a hole in the stove, a fire may kindle from a defective chimney, with the same result. If you do not want to be turned out shelterless one of these cold nights, or lose your store and goods, be careful of fire!

## Today's Talk

**CONTROL AND CONFIDENCE**  
All other things being equal, control and confidence are what make great baseball pitchers. But these two things cannot be confined to baseball. In nearly every game, these two qualities are what make the champions.

Every successful man, as well, can point to these two qualities as ruling ones. Many a man has started a career, with many an up and down where control of oneself has been highly important. Many a one has been stumped, lost control, and with it his confidence. On the other hand, many another has refused to yield, kept his self-control and banked on his confidence in victory. These are the ones who rule the world.

Life's great game, more than any other game, calls for both control and confidence. The importance of mind control cannot be overestimated, for when you do have it, you have confidence as well. It is essential that you have faith in yourself and in the God who gave you life. No matter what problems may come up, no matter how grave the emergency, keep every faculty of your being under control. This will give you confidence in your ability to win your objective, no matter what it may be.

There are more seeds planted in the human heart than any of us suspects. But no matter how rich the soil may be there, it must be watered, else there will be no growth. Whenever you do, or say, something that brings new hope to someone else, that garden in your heart gets a fresh growth-giving shower. It's just like the pat on the back that the baseball manager gives to his pitcher when he gets in trouble. It revives his control and confidence.

It is easy to have control and confidence when everything runs smoothly. It's when the tight places arrive that we need extra will, extra faith — and perhaps an extra understanding friend, to help us weather the storm. If at such times we get hold of ourselves, and help ourselves, God and everyone else about us will flock to our standard!

**SOMEBODY**  
By a fellow called "Somebody" — name never known —  
The germs of despair and dissension are sown.  
"Somebody told me," my neighbor begins,  
As a tale of man's cunning in whispers he spins,  
But here's a safe rule: Never utter or credit  
Whatever is started with: "Somebody said it!"

This fellow called "Somebody" poisons the air.  
It seems that his purpose is always to scare.  
He's met in the places where gossip can flow,  
His friends, he announces, are "men in the know."  
So talk if you must; say you saw it or read it,  
But never repeat it if "Somebody said it!"

This "Somebody" person has only one mission  
And that is to scatter the seeds of suspicion.  
His facts are all rumors; his narratives vicious;  
His stuff innuendoes and mostly malicious.  
So never repeat it lest further you spread it,  
And never believe it if "Somebody said it!"

We endorse this movement on behalf of the colored brethren and call upon the citizens of the town to assist them in paying off the balance of their debt which is about \$300. ## Bullets Bow At Lehigh 62-58 Despite Big Last Half Rally; Frosh Lose

Unable to pick up a solid offense after falling behind in the early moments of the game, the Gettysburg College basketball team suffered its fourth setback in eight games as Lehigh carried off a 62-58 decision Saturday evening at Bethlehem.

Lehigh jumped to a 6-2 lead behind the shooting of Tom Bennett and as the first 20 minutes progressed Lehigh slowly increased its margin until it hit its widest edge of 34-22 at intermission. Bennett and 6'8" Jack Air paced the first half attack for the winners. Bennett landed five of six field goals and Air pulled down 11 of his 15 rebounds. Chris Sirms kept Gettysburg's offense from stalling altogether by ramming through five goals for 10 points. Lehigh also controlled the boards 24-17.

### G-BURG PICKS UP

The second half was almost a complete reversal of the first. Within the first three minutes of the half, George Strouse, "Chuck" Richardson and Dave Yates chopped the Engineers' margin to 36-29. However, Gettysburg was unable to catch their opponents until the 3:41 mark when Sirms connected from the top of the key to knot the count at 50-30. Bill Washychyn and Strouse exchanged buckets with 2:40 remaining to make it 52-52 and that was the first time the Bullets had a chance of taking a lead. Washychyn, Air and Ardren landed six straight points to put the contest out of reach.

During the second 20 minutes, Strouse led Gettysburg's attack with six field goals and Pat Howlett poured in five for Lehigh. Jim Ruck and Ray Faczan turned in a fine job of defense and consequently the big Engineer was held to two goals and four rebounds. Gettysburg took a 23-18 second half edge on the boards.

Sirms was the game's top scorer with 19 points with Strouse a close second with 17. Air and Howlett paced the winners with 16 tallies each.

**STOPS LONG STRING**  
It was the first time in eight years the Bullets have lost to Lehigh.

Coach John Carpenter's Bullet yearlings ran into trouble playing away from home for the first time as the Lehigh freshmen copped a 57-53 decision in the preliminary contest. Lehigh took an early lead and was never behind throughout the game. Lehigh controlled the boards 31-52 with four men pulling down double figures.

Bob Mallinson and Dave Smith paced the winners with 13 points each and Mallinson, 6'2", accounted for 17 rebounds. Bob Gressler and Doug Anon landed 10 points each for the Little Bullets.

The Gettysburg freshmen, 4-2, will journey to Washington today for a clash with Bullis Prep. The varsity and frosh will both travel to Lewisburg on Wednesday to meet the respective Bucknell teams.

## MSM Relay Team 2nd At Richmond

Mt. St. Mary's College's two-mile relay team recorded an enviable second place finish in the Richmond Invitational Meet Friday evening.

Making up the Mount squad were John McKee, Tom Neidhart, Cyril Bonashek and John Clarke.

Virginia Military Institute took first place, University of North Carolina third, Duke fourth and American U. fifth.

Winning only two of eleven events, the Gettysburg College swimming team suffered its second straight setback as American University sped to a comparatively easy 64-31 decision Saturday afternoon in Washington.

The Eagles, who had been coming on strong in the tank sport over the last couple of years, surprised the experts with their point total on the nine first places. They took only four seconds and not one Eagle finished third.

**TAKE TWO FIRSTS**  
Pete Wilson and sophomore Norm Tinanoff were the only Gettysburg first place finishers.

Wilson won the 50-yard freestyle in 23.8 seconds while Tinanoff carried off the 200-yard backstroke in 2:25.1 minutes. American added to its point total by winning both seven-point relays. The Eagles did not produce a double individual winner, but Bill Laubenstein set a new pool record in the 500-yard freestyle when he clipped home in 5:43.2 minutes.

The loss marked the second straight for Coach Curt Coull's Bullets who won their first three outings. Gettysburg will attempt to get back into the win column when it takes on the Delaware Blue Hens Tuesday afternoon at 4 o'clock in the Student Union Building tank.

## G-BURG PINS E-TOWN FOR 4TH MAT WIN

The Gettysburg College wrestling team had little trouble in adding its fourth win of the season as it turned back Elizabethtown 20-8 Saturday afternoon on the loser's mats.

About the only exciting part of the afternoon's performance was Joe Bavaro's quick pin over Ron Spinner in the 157-pound class. The Bullet ace, who slammed his opponent in 1:50 of the first frame, has now won five straight on the season, all via pins. Scott Higgins continued his win streak also as he copped a 6-1 verdict in the 147 event. Gettysburg took six of the eight bouts throughout the day.

### FORFEIT ONE EVENT

Elizabethtown's eight points came on a five-pointer in the 123-pound class when the Bullets were unable to make weight and had to forfeit the event to Dave Lomax. The other three tallies came on Jerry Jackson's 2-0 win over Jake Seitz in the 137-pound bout.

Gettysburg, 4-1 on the season, starts a string of four extremely tough encounters when it battles Bucknell Wednesday afternoon in Lewisburg. The match is scheduled for 8 o'clock.

The results: 123—Dave Lomax, E, won by forfeit; 130—John Wallach, G, decided Bob Orwon, 3-0; 137—Jerry Jackson, E, decided Jake Seitz, 2-0; 147—Scott Higgins, G, decided John Elliott, 6-1; 157—Joe Bavaro, G, pinned Ron Spinner, 1:50; 167—Bill Andrews, G, decided Dan Woolcock, 16-0; 177—Toby Mullin, G, decided Dennis Anderson, 8-0; heavyweight—Jeff Alnwick, G, decided Bob Yunninger, 7-2. **ALL-STAR TILT FOR AFL IS OFF; NEGROES BALK**

**HOUSTON (AP)**—The 1965 American Football League All-Star game will be played Saturday afternoon in Japsen Stadium here, Houston Oilers officials announced today.

The league called off the game scheduled in New Orleans when Negro players complained of discrimination and walked out Sunday.

**NEW ORLEANS (AP)**—The American Football League called off its All-Star game—scheduled this Saturday—when Negro players complained of discrimination and walked out Sunday.

The league also canceled its owners' meeting, slated to begin here Wednesday.

AFL Commissioner Joe Foss said in Chicago he would have a statement today about the future of the All-Star game—when, where and if it would be played in another city.

**"NOT WANTED HERE"**  
Even before the game was officially canceled, the 21 Negroes here for the All-Star game packed their bags and left.

"We're not wanted here so we are leaving," said halfback Clem Daniels of the Oakland Raiders.

"We all encountered similar problems Saturday night. We were refused cab service and admittance to French Quarter clubs," Daniel continued.

"We came here to relax and enjoy ourselves and put on a great game. You can't do those things under the existing circumstances."

**FRANTIC EFFORTS FAIL**  
Foss, in a statement issued here, said: "Since all players are members of the official league family, the league must abide by their (the Negro players') decision not to play."

David Dixon, head of the group sponsoring the All-Star game, worked frantically to get the Negroes to change their mind. He arranged for the players to have access to all of the better class establishments—restaurants and night clubs—in the French Quarter.

The players also charged they were refused service by taxis. Some said they even had troubles getting to their hotels from the airport because cabs refused to take them.

**BLOW TO PLANS**  
Before the Negroes made their final decision to pull out, Dixon told a newsmen:

"If they walk out, this blows pro football for New Orleans." Dixon has been striving for four years to gain a franchise for New Orleans—either in the AFL or the rival National Football League.

Only the West squad turned up for the first practice session Sunday.

## Western Pro All-Stars Make It A 34-14 Rout Over East In Sunny L.A.

By PATRICK MCNULTY

**Associated Press Sports Writer**  
**LOS ANGELES (AP)**—The National Football League's top players scattered today after a rousing 34-14 victory for the West over the East in the annual Pro Bowl.

The Western All-Stars, spearheaded by Fran Tarkenton, Johnny Unitas, Terry Barr and Gino Marchetti, turned the game into a rout before 60,698 fans in sunny Memorial Coliseum. They scored in every quarter while holding fast against the Eastern offense's big guns—Frank Ryan, Sonny Jurgensen, Jim Brown and Paul Warfield.

Tarkenton, the little scrapper from the Minnesota Vikings, and Barr, Detroit Lions' fleet flanker, were voted the game's outstanding players.

Barr set up two of the West's touchdowns with acrobatic GINO'S 10TH BOWL.

Marchetti, appearing in his 10th Pro Bowl—a record he shares with retired Leo Nomellini—says he's definitely quitting the game. He came back last season on the pleas of Baltimore Colts Coach Don Shula, but Shula said he won't ask anyone.

"How long can you keep asking a guy to play? He's given everything he has," Shula said.

**SOME REVENGE**  
The East attack was hard hit by quarterback injuries. Ryan, blitzed by Merlin Olsen and

Marchetti, left the action with a shoulder separation early in the third quarter. Jurgensen, with a sore throwing shoulder, took over but couldn't generate any offensive fire except for a scoring toss to Jim Brown late in the game.

The victory was revenge—but not sweet enough—for West Coach Shula, whose Baltimore Colts were humiliated 27-0 by the Collier-coached Cleveland Browns in the NFL title game.

"It's a satisfying victory but I'd trade it for a National Football League title," Shula said.

**Knicks' Losing Streak Is Ended**  
By THE ASSOCIATED PRESS

If the Baltimore Bullets go no higher than third in the National Basketball Association's Western Division this year, the culprit may be the New York Knicks, who most likely won't go any higher than last in the Eastern Division.

The Knicks ended a four-game losing streak under new Coach Harry Gallatin Sunday by edging the third-place Bullets 122-120. The victory was the fourth for the Knicks in five meetings with Baltimore this season. It also pushed the Bullets 1½ games behind second-place St. Louis.

Cincinnati drubbed Detroit 140-114 in the only other game scheduled.

**NCAA Convention Opens In Chicago**  
By BOB GREEN

**Associated Press Sports Writer**  
**CHICAGO (AP)**—The National Collegiate Athletic Association moved into its 59th convention today with some minor skirmishing completed and the big guns primed in the long-standing war with the Amateur Athletic Union.

Some problems with the professional football leagues, meanwhile, appeared headed for amiable, co-operative solution.

Jim Corbett, representing the 600-member NCAA, met with Commissioner Joe Foss of the American Football League Sunday night, but declined immediate comment until after meeting with his committee today.

Corbett also met with National Football League Commissioner Pete Rozelle Friday night on the same problem—the premarriage signing of college players by the professional leagues—and termed the meeting "most co-operative, in a progressive spirit."

**KEN VENTURI OUTSTANDING '64 COMEBACK**  
LOS ANGELES (AP)—

"Three years is a long time to be kicking dust. I don't believe any athlete has ever been as low as I was."

So reflected golfer Ken Venturi today as he commented on the latest of many honors bestowed upon him in recent weeks—he was named in the annual Associated Press poll as the Outstanding Comeback in Sports in 1964.

Venturi, 34, a serious-minded, dedicated young man, sun-tanned and handsome, captured the U.S. Open Championship at Washington, D.C.

**BEAT BALTIMORE**  
At a younger age the San Francisco lad was a brilliant amateur, turned pro as one of the game's brightest prospects, and then rather abruptly went into a slump.

The open victory obviously intrigued the fancy of The AP voters. They voted Venturi 91 first-place votes.

In order behind were baseball's St. Louis Cardinals, 52; Lenny Moore of Baltimore's football Colts, 39, and in order down the line, Phil's pitcher Jim Bunning, the Colts' football team, Angels outfielder Jimmy Piersall, the Notre Dame football team, Cubs' pitcher Larry Jackson, the Arkansas football team, Manager Johnny Keane of baseball and the Colts' Johnny Unitas.

"This is certainly an honor for me. Each of the others deserved the award. I am most appreciative, most sincerely," said Ken.

## Broken Leg Has Stopped Tatum

**HOUSTON (AP)**—Goose Tatum was recovering from a broken leg today, his first major injury in 25 years of professional basketball.

He was injured Saturday night in the closing minutes of a game with the New York Olympians. He had scored 50 points and led the Road Kings to an 87-59 victory.

The breaks were between the knee and the ankle.

Dr. Nathan Cotlar, Houston physician who serves as team doctor each year the Goose plays here, said the zany basketball whiz would be out of action for six to eight weeks.

## NEW OXFORD MATMEN TOSS C-BURG 26-23

The New Oxford High School wrestling team won its second victory in six starts by nipping Chambersburg 26-23 Saturday evening at New Oxford.

## Colts Plan New Role For Ressler

**BALTIMORE (A)**—The Baltimore Colts are planning to use Glenn Ressler, a second team All-America linebacker from Penn State, at offensive guard or center.

The Colts, Western Conference champions of the National Football League, announced the signing of Ressler Saturday. He was their third draft choice.

Ressler also was the third draft choice of the Denver Broncos of the American Football League.

The 21-year-old middle guard and linebacker has been named "College Lineman of 1964" by the Philadelphia Sports Writers Association and will be honored at the organization's 61st annual dinner, Feb. 1. He is from Dornsife, Pa.

## Mount Defeats Loyola On Late Surge 86-73; Host Green Terrors Tuesday

## NAMATH GIVES SHOW IN 7-7 TIE CONTEST

**MOBILE, Ala. (AP)**—The Senior Bowl football game ended in a 7-7 tie, but no one in the sellout crowd was asking for his money back after watching Joe Namath of Alabama put on another one-man passing show.

The annual contest, which marks the pro debut of most college seniors, attracted a capacity crowd of 40,605—its first in history—and it was Namath who filled the stadium Saturday day.

They came to see why the New York Jets of the American Football League paid \$400,000 for three years of this young quarterback's services and he didn't disappoint them.

Namath, despite a painful knee that has hobbled him all season, completed 22 of 38 passes for 246 yards and his team's only touchdown. But the South had to settle for the tie as Namath's receivers just couldn't hang onto the ball on the big plays.

Tom Landry of the Dallas Cowboys, who coached the South, said he played Namath most of the game because he knew that was what the crowd had come to see.

"They paid their money to see him and I just left him in," he said in explaining why he didn't use Steve Tensi of Florida State more.

Namath was disappointed in his own performance and the fact that the South didn't win. He said his sore knee didn't bother him too much, but that his timing seemed to be off a little.

**TROPHY TO MAHER**  
Maher, who topped all scorers with 25 points and became the sixth player in Loyola history to score more than 1,000 points, was awarded the Rev. Fr. John F. Cogan memorial trophy as the game's outstanding player.

The Mount will meet Western Maryland and unbeaten in division play, in a key game at Emmitsburg Tuesday evening.

**BILLY MILLS WINS MILE AT COW PALACE**

**SAN FRANCISCO (AP)**—Now that Billy Mills is an acknowledged winner, it seems to make little difference what distance he travels to finish first.

The Marine lieutenant from Kansas came from the back of the pack and relative obscurity in Tokyo last October to become the first American to win the Olympic 10,000-meter race.

Saturday night against a stellar field, Mills went from wire to wire and captured the mile in 4:08.1 at the San Francisco Invitational indoor track meet at the Cow Palace.

Mills had to kick to stay in front of Great Britain's Alan Simpson. Third and fourth were sub-4-minute milers Cary Weisiger of North Carolina and Archie San Romani of Oregon.

Mills' first indoor mile was almost as fast as his outdoor best of 4:05.5.

MANY AREAS OF NATION HIT BY HEAVY SNOW

By THE ASSOCIATED PRESS  
Heavy snowstorms swirled through the Northeast Sunday, disrupting air travel and endangering highway traffic. Officials announced schools would be closed today in many areas.  
Virginia's first major storm of the season dumped a foot of snow in the northern and western parts of the state, closing schools in five counties.  
In West Virginia, three persons were killed on icy U.S. 460 near Princeton and driving conditions throughout much of the state were hazardous. From two to six inches of snow blanketed the western and southern sections of the state and nine inches was recorded in Martinsburg in the eastern Panhandle.

CURBS FLYING

To the north, special snow plans were put into effect in the Philadelphia area, where a swirling snowstorm left 5 to 12 inches, slowing air traffic at the Philadelphia International Airport. The Harrisburg-York Airport was closed all day.

Near Ebensburg, Pa., a Greyhound bus swerved off a snow-covered highway ramp, plunging down a 30-foot embankment into a small stream. Ten persons were hospitalized and nine others were treated and released.

Heavy snows in the New York City area forced cancellation or diverted more than 300 flights at Kennedy International Airport, although operations were not shut down. Inbound transatlantic flights temporarily were rerouted to Boston and Montreal.

BOY IS KILLED

Vehicles without chains or snow tires were banned from major arterial routes in New York. Five inches of snow fell in midtown Manhattan and eight inches covered some suburbs.

New Jersey had up to 8 inches of snow and a 3-year-old boy was killed in a weather-connected accident.

In northeast Arkansas, wet snow knocked out electric and telephone service for more than 5,000 customers and a repairman was killed by a live wire.

The Midwest had generally dry weather, but temperatures plunged below freezing as low as 31 degrees below zero in Hibbing, Minn. One woman died near Virginia, Minn., when she tried to walk home in 30-degree-below cold when her car went off a road.

Northwestern California still was suffering from the consequences of torrential floods of the past few weeks. Officials estimated earth slides and washouts there caused \$60 million damage to roads and bridges.

Man Is Murdered In A Poker Game

PHILADELPHIA (AP)—A 37-year-old man was shot to death Sunday by an off-duty policeman after a poker game in a North Philadelphia apartment, police reported.

Police Capt. Frank Scafidi said the victim, Charles Kelly, had fired three shots into the circle of poker players and the policeman fired back, hitting Kelly twice. Kelly had been accused of cheating in the game, Scafidi said.

CHINA GETTING TOUGH ON U.N.

By ROBERT LIU

TOKYO (AP)—The sharpness of Communist China's denunciations of the United Nations in connection with Indonesia's withdrawal raises a question.

Is Peking hinting it will refuse to join the United Nations even if the invitation comes on Communist China's terms?

There are indications that Peking still has its eyes on U.N. membership but may raise new demands to boost its prestige among the African and Asian nations.

The Red Chinese may call for amendments to the 20-year-old U.N. Charter to benefit the African and Asian countries admitted to the world organization since 1945.

Sunday, the Red Chinese declared the United Nations needs to be "thoroughly remolded." Peking claimed the organization had become a tool of the United States.

But Peking did not suggest how it should be changed.

He filed. He said Kelly had "precipitated" the shooting.

A Lovelier You

For winter holidays in the sun, clothes are all-girl. The female fit is back in swim suits. Casuals are soft and pretty. Accessories

are whimsical. Just like a woman!

Do make the most of it, if you're tanland bound. Choose to wear a swim suit that fits where it should and disappears where it shouldn't. You might top it with a gossamer cover-up. Naughtily nice!

For lounging on beach and patio, think on the possibilities of skimmer dresses - split up to there at the sides, yet modestly unscoured with shorts. What about pants? They're with it, as long as they hang straight from the knee.

For gadding about the shifty little dress is still with us. It's shorter, and may be gussied up with a burst of ruffles or pleats. At dusk the evening jumpsuit—an in-one float of bodice and long, divided skirt—comes on strong.

At all hours, colors are sun-bright. Hot enough for sunglasses! And that brings us to specs and they're spectacular - big and showy. The polarized variety even regulates light penetration from light to dark, via a tiny lever.

Other sunshades takes the form of enormous hats, circled with flowers and ribbons. The "in" bag is a shoulder carryall. Jewelry is a thing of zany baubles, sheer bangles and bubbly beads.

Put it all together: It spells enchanting looks on an enchanting holiday!

LIZ TAYLOR TO RENOUNCE U. S. CITIZENSHIP

By RAYMOND E. PALMER  
LONDON (AP) — Actress Elizabeth Taylor says she wants to renounce her American citizenship because "I want to become British more than anything else. I like the British best of all."  
"It is true I am trying to give up my American citizenship and become completely British," Miss Taylor, 32, told a newsman as she and her actor husband Richard Burton left a London club Friday night.  
The glamorous British-born screen star was wearing a bandage and dark glasses over a black eye which an associate called "quite a shiner" received in a tobogganing accident in Switzerland.  
**OATH NOT SIGNED**  
Miss Taylor's American agent said earlier in New York that she felt she had already renounced her U.S. citizenship after turning in her American passport to a U.S. embassy official in Paris and signing papers last October.  
But the spokesman, John Springer, said that the U.S. State Department refuses to recognize Miss Taylor's renunciation statement because she refused to sign a portion of the oath requiring her to "abjure all allegiance and loyalty to the United States."  
The actress, who rose to fame and wealth in a spectacular Hollywood movie career, feels that the United States has been good to her. She does not want to give a contrary impression.  
"Miss Taylor had made it clear that she cannot honestly sign a statement including those words," Springer said. He added that she was allowed to sign another statement instead.  
**SIGNED ANOTHER**  
"Subsequently, she was informed that the State Department objected to the statement in that it did not contain the words," he said.  
Miss Taylor's statement claimed that "under American civil law, a citizen cannot exercise citizenship in two countries." It said she "elected to use the citizenship of her birth and her husband." Burton was born in Wales.  
However, U.S. legal experts apparently hold that since Miss Taylor was born in Britain the daughter of Americans that she holds dual citizenship. She has never given up her British citizenship, British officials said.

**TRY TO CONVERT SAYS JOHNSON TO MEET REDS**  
MILAN, Italy (AP) — Tests have begun at Milan's airport on an Italian-made machine to turn fog into snow.  
Several of the devices were placed along one runway Friday while a dense fog blanket clung to the Milan area and kept the airport closed.  
The machines gave off a special gas which caused a freezing effect in the moisture-heavy atmosphere, turning a high percentage of the fog into snow.  
The machines do not convert enough snow to hamper takeoffs and landings. Their limited operation however was not enough to allow the airport to reopen.  
Airport officials said similar tests were conducted recently at Orly Field in Paris.

By HENRY S. BRADSHAW  
MOSCOW (AP) — U.S. Ambassador Foy D. Kohler returned to Moscow Saturday and said he "wouldn't be surprised" if President Johnson and Soviet leaders meet before long.  
Kohler said he had no written message from Johnson to the Kremlin leaders on a meeting but "something will be discussed."  
Kohler said he personally had told Soviet Ambassador Anatoly F. Dobrynin on Monday afternoon that Johnson would suggest a meeting with Soviet leaders.  
**EXPRESSED HOPE**  
In his State of the Union speech to Congress last Monday night Johnson said: "I hope the new Soviet leaders can visit America so they can learn about this country at first hand."  
In answer to a question about a statement made in New York on the way to Moscow that "one way or the other, there will be" a meeting, Kohler said: "I wouldn't be surprised before long."  
Kohler said he had no instructions to request a meeting with Premier Alexei N. Kosygin or other Soviet leaders.  
Diplomatic observers noted that the usual practice in inviting heads of governments for official visits is to obtain verbal agreement before a written invitation is conveyed.

**Seeks Revision Of Military Rules**  
MANILA (AP) — A congressional committee has recommended that the Philippines send a military mission to the United States to obtain weapons for this country's defense.  
Such a mission would replace the U.S. Military Assistance Group which is in the Philippines for the same purpose, a committee report said.  
The report said the American group has provided the Philippines with obsolete weapons.  
It also recommended revision of agreements regarding U.S. bases here on such questions as criminal jurisdiction over U.S. servicemen and prior consultation before such bases are used for purposes other than U.S.-Philippine mutual defense.  
There are 100,500 farms in Pennsylvania.  
About 4,000,000 Americans live in trailers or mobile homes.
